I was put thru the adoption process

Adoption as done in the USA and Connecticut is a violation of the United Nations Rights of a Child.

"States Parties undertake to respect the right of the child to preserve his or her identity, including nationality, name and family relations..." (CRC Article 8)

Falsifying birth certificates, lying about parentage and medical history, cutting off family, this is child abuse.

And the violations continue as adults. Most adults that were put thru the adoption process are not allowed their birth certificates. I am 60 and the State of Georgia still will not give me my birth certificate.

Please support and pass SB 113 and take a step to correct this abuse.
