Please support and pass **SB 113**.

I am a member of the Adoption Triad. I cannot state strongly enough, how important it is for **adult adoptees to have access to their Original Birth Certificates**. It is only right that adoptees should not be discriminated against in knowing their biological history, where they came from, what is their ancestry.

Please...help adoptees have a more complete sense of who they are through knowing their origins.

No one was dropped by a stork, in CT!

Thank you and kind regards,
