

I am writing you today to ask you to please support and pass SB 113.

I am an adoptee born in 1958. Adoption shaped my life in many ways, who, what and why...never mind the medical side.

My search for my birth information began in the late 1980's, to find out that in 1983 that information was no longer available to me.

We ask for the same rights as anyone else, the right to our original birth certificate.

Thank you for your help in supporting this bill.

Sincerely,  
Rachel S. Fischer
