To whom it may concern,

I am writing as a daughter of a Connecticut adoptee. I believe that it is my mother's right to have her original birth certificate. I would like to have the chance to see my family medical history for my personal health. Neighboring states to Connecticut have granted adoptees their original birth certificates and Connecticut should follow along. I would also love to be given the chance to meet my mom's parents.

Thank you for your time,

Nicole Kerstetter
