

My name is Maerik Lefkowitz and I am a Connecticut Adoptee. Please support and pass SB 113. I was born in 1970 and have for all my life wanted to know about my birth parents. I have attempted to find out what I can, but it is difficult and expensive to do so.

With the advent of DNA testing I have found distant cousins and such. But as I grow older I find there is also greater importance in knowing ones family medical history as well as just knowing where you came from.

Please correct a mistake that was made long ago and make adoptee birth certificates whole.

Thank you,

Maerik Lefkowitz
