

To Whom It May Concern,

Please support and pass Senate Bill 113. I support this bill because I believe that adopted persons should be treated like any other ordinary person who can obtain his or her original birth certificate. It is a basic human and civil right for every person to know his or her biological origins and right now adoptees of Connecticut are not given this right.

My sister's mother-in-law is an adoptee from the state of Connecticut. I support this bill because it will give her the access she deserves to her original birth certificate.

Sincerely,

Stevi Mummert
