

Please support and pass SB 113.

I am an adoptee who now has 2 small children of my own. I do not know anything about my actual heritage, any family medical history nor do I have any idea what my name was when I was born.

I would like to see someone else in my position have access to this information at a younger age - not only for self confidence reasons but not knowing where you come from at all is alarmingly sad. Not having the right to know doesn't seem like any kind of justice to me.

I've taken noticed how every year this bill tries to get support and gets passed over - or barely glanced at. I hope this basic human right can get passed this year.

Thankyou.
