To Whom It May Concern,

I am submitting my testimony in support of House Bill SB113 which is an act concerning access to Original Birth Records by adult adopted persons.

This House Bill 5408 allows all adoptees, including persons adopted before October 1, 1983, and their adult children or grandchildren, to obtain uncertified copies of their own original birth certificate from the state Department of Public Health.

I am a sister in law of an adoptee born in Connecticut in 1958. My sister in law has birth family in different towns of Connecticut such as New Haven, New Milford, Danbury, Sandy Hook, and Bethel.

I believe that it is my sister in law's civil right to have access to her original birth certificate for medical history and her origin. Non-adoptees, such as myself, have always had access to their original birth certificate. I believe that it is truly unfair that adoptees do not. It is truly unjust for adoptees to have to pay to do a search for medical history and origin when non-adoptees have access immediately to that information.

I support House Bill 5408 and the right for adoptees born prior to October 1, 1983 to obtain their original birth certificate.

Thank you for taking the time to read my testimony,

Beverly Potter
