2149 bonds shall mature at such time or times not exceeding twenty years
2150 from their respective dates as may be provided in or pursuant to the
2151 resolution or resolutions of the State Bond Commission authorizing
2152 such bonds. None of said bonds shall be authorized except upon a
2153 finding by the State Bond Commission that there has been filed with it
2154 a request for such authorization which is signed by or on behalf of the
2155 Secretary of the Office of Policy and Management and states such terms
2156 and conditions as said commission, in its discretion, may require. Said

2179 appropriation for the installation of a photovoltaic system, and for
2180 related equipment, improvements and work, at E.O. Smith High School,
2181 and of the authorization of the issuance of bonds, notes and temporary

2198 highway be made reasonably flush with the surface of such highway on
2199 completion of the project; and

2200 (2) Require each contract entered into as a result of such request for

2219 (c) The commissioner may approve, reject or modify any application
2220 properly submitted in accordance with the provisions of this section.
2221 The commissioner may not reject an application solely because a

2229 assistance; (5) the degree to which a grant under this section is necessary
2230 to induce the applicant to undertake the project; (6) the public health
2231 and environmental benefits of the project; (7) the relative benefits of the
2232 project to the municipality, the region and the state, including, but not

2239 projected revenues that may be restored to the community; (12) the
2240 relative need for assessment of the brownfield within the municipality
2241 or region; (13) whether the brownfield is located in a federally

2246 first,] at least twice annually. The commissioner may increase the
2247 frequency of requests for applications and awards depending upon the
2248 number of applicants and the availability of funding. A municipality
2249 may submit more than one application in response to a request for
2250 applications. On and after July 1, 2019, the commissioner shall give
2251 priority to grant applications for brownfields located in federally

2423 leadership role with other northeastern states and the eastern Canadian
2424 provinces in developing and advocating a transportation strategy for
