Dear Chairs, Vice Chairs, Ranking Members, and Esteemed Members of the Environment Committee,

This bill protects Connecticut's environment without posing any harm to businesses nor residents. Releasing balloons is reckless, thoughtless, and selfish, and such behavior has no place in a sustainable future.

Growing up in Lebanon, I have been fortunate to be able to play outside and enjoy my town's agricultural landscapes without excess pollution or litter. The natural beauty of my hometown is an asset, and why people enjoy living there. Please vote "yes" on this bill to continue protecting our precious natural resources.

Thank you for your consideration.

Sincerely,

Katharine Lange
