REASONS FOR BILL:

To make technical changes to a statute concerning housing.

RESPONSE FROM ADMINISTRATION/AGENCY:

None Stated.

NATURE AND SOURCES OF SUPPORT:

Mary-Ann Langton, Resident: Langton **supports SB-190** because it would allow those who need special accommodations to access buildings. This would also allow those individuals to purchase new homes without the worry of limited access.

Susan Salters, Resident, Manchester: Salters supports SB-190. She states that the population of Connecticut is aging rapidly and soon the majority of the population will soon be in the 65+ age group. By adding regulations on houses to accommodate for those who have limited movement it would allow the older population to live in their own houses and would call upon the limited retirement homes that Connecticut does have.

NATURE AND SOURCES OF OPPOSITION:
