Re: Testimony in support of S.B. No. 882 – AAC Climate Change Mitigation and Home Energy Affordability

Dear Chairman Arconti, Ranking Member Ferraro, Chairman Needleman, Ranking Member Formica, and distinguished members of the Energy and Technology Committee:

I am writing in support of S.B. 882: An Act Concerning Climate Change Mitigation and Home Energy Affordability. It is vital that our state sets strong goals and makes strides to become a leader for the country. With these regulations it will help move us toward our goal of carbon neutrality while giving perspective buyers the knowledge they need to make informed decisions.

Please consider supporting this bill.

Sincerely,

Mike Uργο  
First Selectman
