

Testimony of Lynn H. Taborsak
in support of HB 6187 and SB 821
Finance, Revenue and Bonding Committee
Public Hearing
March 15, 2021

Thank you for the opportunity to testify in support of these bold initiatives to provide “Recovery for All” from a year that has delivered hardship, suffering and disease to so many Connecticut residents. The actions of this Committee will determine if that recovery is robust, fair and equitable. It is a once in a lifetime chance to address economic, educational and racial disparities that have existed for 40 years *as Two Connecticuts*.

I am a resident of Danbury and I strongly support new investments in public education and higher education, access to healthcare, and the expansion of affordable housing to fully meet our workforce needs.

This is an unprecedented opportunity to set our state on the path to a robust economic recovery and reduce longstanding disparities.
