Explanation

The bill subjects quasi-public agencies to certain oversight by the State Contracting Standards Board (SCSB). Generally, it applies to quasi-public agencies provisions in existing law that allow SCSB to limit state contracting agencies' authority to enter into contracts or procurement agreements. The SCSB would need to fill its unfunded vacant Chief Procurement Officer position to handle the bill's requirements. The salary for this position is approximately \$130,000.

Please note that the SCSB is located within the Office of Governmental Accountability.

The Out Years

¹The fringe benefit costs for most state employees are budgeted centrally in accounts administered by the Comptroller. The estimated active employee fringe benefit cost associated with most personnel changes is 41.3% of payroll in FY 22 and FY 23.

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.
