---

sHB-6587

AN ACT REQUIRING HEALTH INSURANCE COVERAGE FOR  
EPINEPHRINE CARTRIDGE INJECTORS.

---

## ***OFA Fiscal Note***

***State Impact:*** None

***Municipal Impact:***

<b>Municipalities</b>	<b>Effect</b>	<b>FY 22 \$</b>	<b>FY 23 \$</b>
Various Municipalities	Potential Cost	See Below	See Below

## ***Explanation***

There is no fiscal impact to the State resulting from the bill, which requires that epinephrine cartridge injectors be covered under certain health insurance policies at a total out of pocket cost of \$25 or less. The state employee and retiree health plan already provides coverage in accordance with the bill<sup>1</sup>.

The bill may result in a potential cost to fully-insured municipalities, to the extent that providing coverage below the out-of-pocket threshold may increase premiums reflected in plan years beginning on and after January 1, 2022.

## ***The Out Years***

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.

---

<sup>1</sup> Pursuant to federal law, self-insured plans are exempt from state health mandates. However, the state employee and retiree plan has traditionally such adopted mandates.
