sSB-1005

AN ACT CONCERNING REQUIRED HEALTH INSURANCE
COVERAGE FOR NEWBORN CHILDREN.

OFA Fiscal Note

State Impact: None

Municipal Impact: None

Explanation

There is no fiscal impact resulting from the bill, which extends the notification period that insureds must notify insurers regarding the birth of a child, from 61 days to 120 days. The bill specifies that claims during the extended period are not prejudiced if notification or payment of premium is not provided, and therefore there is no anticipated impact to premiums to the state employee health plan, the Exchange, or municipal plans.

The Out Years: None
