TESTIMONY TO STRONGLY OPPOSE HB. 6433

Honorable Members of Housing Committee,

My name is Bo Yang, an active voter and a resident at Fairfield CT. I am writing this letter to strongly oppose HB 6433 An act concerning inspections of rental property prior to occupancy or termination. *As long as tenant and landlord mutually agree how and when to inspect, more regulations from state in this matter will make the rental process unnecessarily long and expensive for both the tenants and landlords.*

I wish CT Government does not spend time, effort and money to make more trouble to tenants and landlords.

Best regards,

Bo Yang, Ph.D.
