

Hello,

I am writing to you as a pediatrician in Connecticut to convey my support for SB 956. In order to make sure children grow up to be healthy functioning members of society, it is important that they are provided with all the support they need. This includes access to healthcare. This bill would give access to children whom often come from disadvantaged backgrounds and need the most support. I encourage you to take this into consideration.

Thank you,

Aseel Dabbagh, DO, MBA
