

2020 was a challenging year and has taken a toll on families, small businesses, and everyday people all over the state between COVID-19, unemployment, and rising health care costs.

Personally, my family has been fortunate to remain employed, healthy and insured. This is not the case for too many Connecticut families. We need to ensure that no one in Connecticut is left without healthcare coverage when they need it the most. This is why we are asking Connecticut legislators to support S.B. 842, a bill that will create a public option for Connecticut.

Sincerely,
Queenie Collins & Ted Gandy
