

Paul J. Cortesi,

The proposal of a CT govt-run health care plan ought to be a no-brainer in this day and age and should certainly be rejected based on most things that government gets their dirty little fingers into turns into a nightmare scenario. Pursuing such a course of action flies in the face of free markets which is the basis of a Constitutional Republic which we are supposed to be! Freedom of choice ought to be our objective and certainly would be much cheaper and more prudent than a government run health care plan.

Please vote NO to SB 8421 for the sake of the citizens of Connecticut.

Thank you,

Paul Cortesi
