

Please don't create a program of government-run healthcare in Connecticut.

The proposal would:

- Kill good-paying private sector insurance jobs in our state
- Raise the cost of private and employer health insurance
- Force people onto Medicaid
- Put Connecticut taxpayers on the hook to pay for the government-run program's future losses.

Republicans have proposed a better way.

Our Republican solution protects middle-class families and Connecticut jobs. It lowers health insurance premiums up to 20 percent while not harming our state's insurance industry.

Our Republican solution makes health insurance more affordable, but it does not put thousands of Connecticut jobs in jeopardy at a time when the state is dead last in the nation in job growth.

Thank you very much for your attention to this matter,
