

The families of Connecticut face the harsh challenges of gaining food, housing, jobs, and health coverage in the ever-changing world which is our new reality. For some the challenges were a completely new phase in life and for others the year exacerbated the demands they regularly face. We have done the right thing, taken care of each other, and worked together in so many ways.

Now, we need to ensure that no one in Connecticut is left without healthcare coverage when they need it the most. This is why we are asking Connecticut legislators to support S.B. 842, a bill that will create a public option for Connecticut.

Thank You,

Kate Montgomery
