

Insurance Committee,

2020 has taken a toll on families, small businesses, and everyday people all over the state between COVID-19, unemployment, and rising health care costs.

Now, we must take the steps to ensure that no one in Connecticut is left without healthcare coverage when they need it the most. I am calling you to support and pass S.B. 842, a bill that will create a public option in Connecticut.

We need a public option that:

Is available even when people lose their jobs

Is accessible to anyone regardless citizenship status

Offers affordable, reliable care

Doesn't break the bank for small employers who want to cover their employees

COVID-19 has shown us that everybody needs care they can count on. Health care makes our families and our businesses stronger.

I urge you to support S.B. 842 to ensure that all Connecticut residents has access to dependable, quality, affordable health care.
