

Please vote no on this government overreach.

This proposal would:

- Kill good-paying private sector insurance jobs in our state
- Raise the cost of private and employer health insurance
- Force people onto Medicaid
- Put Connecticut taxpayers on the hook to pay for the government-run program's future losses.

The Republicans have proposed a better way.

The Republican solution protects middle-class families and Connecticut jobs. It lowers health insurance premiums up to 20 percent while not harming our state's insurance industry.

The Republican solution makes health insurance more affordable, but it does not put thousands of Connecticut jobs in jeopardy at a time when the state is dead last in the nation in job growth.

I have worked all my life and have always had good medical insurance through my employer. Jobs are what Connecticut needs, not job killing bills like this.

Thank You
