Dear Insurance and Real Estate Committee,

My name is James Root and live in Danbury. I support SB 1047 An Act Concerning Insurance and Climate Change. As a tax payer of Connecticut, I would like to see that the insurance companies, the recipient of many indirect and structural public subsidies, take a crack at the requirements of this bill. Forcing them to examine their investment strategies in the context of climate change will probable be a smart business move for them and the state-in addition to being the responsible course of action.

Sincerely,
James Root
