REASONS FOR BILL:

Currently there are approximately 50,110 active teachers in the State and 37,913 retired teachers (2020 statistic published by TRB). Right now, two elected retired teachers are required on the Teachers Retirement Board, which was last mandated in 1991. The goal of this bill is to give today's approximately 38,000 retired teachers more accurate representation with an additional retired teacher on the Board.
