

To Whom It May Concern,

Let me be clear, I support the CT Republican proposals to give law enforcement officers and the courts the tools they need to stop future crimes. We need to protect our communities against criminal activity by young individuals who are not being held accountable for their actions! This will only continue and become more serious, unless we act now! These criminals need to be held accountable NOW!!! Enough of the pandering...someone needs to act like the adult in the room! Our law enforcement has had their hands tied by politicians looking to create more racial division, creating obstacles for police to enforce the law! We are a country of laws and civil obedience...act like it by giving law enforcement officers their tools to stop crime! Enough of the political power play....residence of CT are not ignorant to what is at play here...do your job for the American people and Connecticut!

Respectfully,
Anne Johnson
