

Testimony to the Connecticut General Assembly's Judiciary Committee

In support of Senate Bill No. 1019

3/10/2021

Co-Chairs Sen. Winfield & Rep. Stafstrom; Ranking Members Sen. Kissel & Rep. Fishbein; and esteemed Members of the Judiciary Committee, I am writing **in support of S.B. No. 1019** *AN ACT CONCERNING THE BOARD OF PARDONS AND PAROLES, ERASURE OF CRIMINAL RECORDS FOR CERTAIN MISDEMEANOR AND FELONY OFFENSES, PROHIBITING DISCRIMINATION BASED ON ERASED CRIMINAL HISTORY RECORD INFORMATION AND CONCERNING THE RECOMMENDATIONS OF THE CONNECTICUT SENTENCING COMMISSION WITH RESPECT TO MISDEMEANOR SENTENCES.*

My name is Sally Connolly and I am a resident of Woodbridge . **I support S.B. 1019** for the automatic erasure of criminal records. As a member of the Unitarian Society of New Haven, Congregations Organized for a New Connecticut (CONNECT), the Greater New Haven NAACP and Outraged Elders, I am all too aware of the extremely negative impact criminal records have on individuals who after their release seek to live a positive, fulfilling and productive life. I have listened to the first hand accounts of people with criminal records and have engaged in personal conversations with them - their experiences are shattering, unnerving and demonstrably unfair.

Mass incarceration has had real, ongoing consequences in Connecticut, disproportionately hurting Black and brown communities in our state, and burdening hundreds of thousands of Connecticut residents with a

criminal record. Records present barriers to employment, housing, occupational licensing, and higher education. **9 in 10 employers, 4 in 5 landlords, and 3 in 4 colleges** use background checks. Clean Slate will automatically expunge the records of people who have served their time, returned to our communities, and remained crime-free. A criminal record should not be a lifetime sentence.

Clean Slate makes communities safer. When people have access to jobs, housing, occupational licensing, and higher education, they are more likely to earn higher wages, and less likely to recidivate. A study from the University of Michigan Law School found that recidivism rates for people who have had their records expunged are so low that they actually “pose a lower crime risk than the general population as a whole.”

With S.B. 1019, Connecticut can **strengthen our economy, improve public safety, and advance racial justice.** I encourage all members of the Judiciary Committee, on both sides of the aisle, to support this important measure. Thank you.
