

To all of you in Hartford who pass laws that effect all of us in Connecticut:

As a resident for over 50 years I am requesting you pull the plug on Bills H6107 and SB1027. Leave local zoning decisions to Local Governance. As for a "mansion tax" for homes over 300K.....are you kidding? A one bedroom apartment can cost that much! Shame on whoever is supporting these bills!

Instead of coming up with more ways to restrict, control and tax your citizens, I am requesting that you try to put your heads together to bring back jobs and industry to our once, great state of Connecticut! Your taxation's are driving everyone away!!

Sincerely,
Katherine Barba
Greenwich, CT
