

Hello,

My name is Crystal Berry and I am a lifelong resident of CT. I live here with my husband and 2 year old son. We are against Bill 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, SB 1027 . We love the Town of Greenwich and do not need to be told how to manage our zoning laws.

We have a wonderful community that cares deeply about the needs of our town and are working on the issues of affordable housing. Greenwich has a diverse amount of affordable housing that is not counted in the 10% according to 8-30g. There should not be a one size fits all approach to affordable housing. We are working towards increasing our affordable housing as most towns in CT are doing. Each town/city is unique and deserves to govern their town/city the way it wants and needs. Please say, "No" to all of the above bills.

Thank you,
Crystal Berry
