

(HB 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, SB 1027)

Paul Costeines  
Fairfield

*Id like to provide my thoughts on the above bills. When it comes to the government less is more. I oppose bills that may infringe on the local communities' norms and practices in regards to land use, zoning and housing in general. The needs of those in one location are different than those in another. Based on the preliminary information I have read these bills further expand the State's authority or control over local matters.*
