

I oppose the bills HB6107 and SB1027.

Although I believe affordable housing is important, local governments should be able to control the zoning of their towns. Each town has unique infrastructure and environmental situations and the local governments know what they are doing. My neighbors and myself don't want a "one size fits" solution from Hartford that doesn't necessarily address the affordable housing issues of our town. We trust ourselves and our neighbors who care about our town, city's people, environment, traffic and our future.

Thank you,
