

Oppose Bills HB6107 and SB1027

To Whom it May Concern,

While we all believe that affordable housing is important. However, local governments should be able to control the zoning of their towns. Each town has unique infrastructure and environmental situations and the local governments know what they are doing. We don't want a "one size fits" solution from Hartford that doesn't necessarily address the affordable housing issues of our town. We trust ourselves and our neighbors who care about our town, city's people, environment, traffic and our future.

Please do not push thru bills HB6107 and SB1027 that put us in a 'one size fits all' scenario. We need to be more thoughtful for the different towns and where their individual infrastructure is considered.

Thank you for your consideration,
