

Hi-

*I am writing specifically about bills HB 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, and SB 1027.*

Towns and their residents need to make decisions for the local land. Not Hartford. These proposals could allow developers to overdevelop in communities, threaten open space, and raise environmental concerns, none of which are acceptable.

I vote no.
