

I, a resident of zip 06831, demand that legislators (not from Greenwich or Fairfield County) cease and desist on proposed HB6107 and SB1027 bills. I demand that Hartford stop Bills HB6107 and SB1027 and keep local zoning decisions LOCAL and not put deleterious actions in bad hands. Hartford is also proposing a special " mansion" tax on home values over 300k. Try finding a single-family home in our town for that value.

Please don't misplace Hartford mismanagement on Fairfield County - manage from within and the rest of the state will be happy to help once we see improvements established.

Signed,
