

To Whom it May Concern,

I would like to highlight 7 bills - S.B. 1024, S.B. 1026, S.B. 1027, H.B. 6107, H.B. 6611, H.B. 6112 and H.B. 6613.

We all believe affordable housing is important. However, local governments should be able to control the zoning of their towns. These bills would infringe upon local zoning rights by allowing the state government in Hartford dictate a one size fits all solution that doesn't necessarily address the affordable situation of our own town. **Each town has unique needs, infrastructure, geography and environmental situations, and the local governments know what they are doing. We trust ourselves and our neighbors who care about our town, its people, environment, traffic and our future.**
