

HB6107 and SB1027

To whom it may concern:

As a CT resident and taxpayer, we believe that local zoning decisions should remain local, and not be put in the hands of legislators who are 75miles from Fairfield county, who couldn't possibly know what is best for the local communities. We respectfully ask for bills HB6107 and SB1027 to be dropped.

Regards,  
Brad Kotler
