

I strongly oppose bills being presented H.B. 6611, H.B. 6612, H.B. 6613, S.B. 1024, S.B. 1026, S.B. 1027, H.B. 6107.

The citizens and towns folk know their city the best. Please keep all rules and zoning made within the town and not at a state level. There is the infrastructure that is unique for specific reasons whether it's environmental, residential, commercial, the zoning within towns have already established these for quite some time now. No need to reinvent a wheel, so to speak. A lot of people have moved to specific towns/cities and neighborhoods based on individual needs, if larger government is in control of this, people's rights and freedoms begin getting taken away, never desirable amongst the majority.

Thanks for reading..
