

OPPOSE BILLS HB6107 and SB1027

Regarding the statewide zoning bill that would effect my town, Greenwich:

In spite of our belief in affordable housing, we feel local governments are in a better position than the State to control local zoning issues. We are not in favor of a one-size- fits-all solution from Hartford to address the affordable issues of our town. Please trust the citizens of the respective towns to legislate these important issues.
