

To Whom It May Concern:

I am writing to implore that you cease and desist on proposed Bill #s HB6107 and SB1027. I am a public school teacher and have worked very hard to afford a place in a safe community. The money I paid for my place was very real and took me a long time to save up for it. Now I hear that the bills being proposed would drastically change that community as well as add a 'mansion tax' on homes over \$300k. My 1 bedroom condo is far from a mansion. Please consider all of those you are effecting with these bills.

Sincerely,  
Patrice Martin
