

To whom it may concern:

We all believe that affordable housing is important. However, local governments should be able to control the zoning of their towns. Each town has unique infrastructure and environmental situations and the local governments know what they are doing.

We do not want a "one size fits all" solution from Hartford that doesn't necessarily address the affordable housing issues of our town.

We trust ourselves, our neighbors and our locally elected officials who care and understand our town dynamics, its residents, environment, traffic and our future.

For the reasons stated above we OPPOSE BILLS HB6107 and SB1027

Thank you.
