

To whom it may concern:

We all believe that affordable housing is important. However, local governments should be able to control the zoning of their own towns. Each town has unique infrastructure and environmental situations and the local governments know what they are doing. We do NOT want a "one size fits" solution from Hartford that doesn't necessarily address the affordable housing issues of our town. We trust ourselves and our neighbors who care about our town, city's people, environment, traffic and our future.

Thank you.
