

OPPOSE BILLS HB6107 and SB1027

Affordable housing is a must in any community. However, control of what is to be built is the responsibility of the town's government, Not Hartford. That's why Greenwich holds TOWN ELECTIONS. People move to Greenwich for a reason, a certain way of life with understated development. NOT CITY DWELLING with Tall buildings and strip malls. There is a certain integrity the town holds. We pay very high prices to preserve that integrity. If you want more people to move out of this state just let this horrific and unconstitutional bill pass. The state of Connecticut will be in further crisis and especially Our town if we don't stop Hartford's control NOW.
