

OPPOSE BILLS HB6107 and SB1027

We all believe that affordable housing is important.

We equally believe that local governments, not those of the State, should be able to control their district's respective zoning issues.

Each town has a unique infrastructure and environmental situations and the local governments know what they are doing. We don't want a "one size fits" solution from Hartford that doesn't necessarily address the affordable housing issues that pertain to our town. We trust our locally elected officials, ourselves and our neighbors who live here, care about our town, city's residents, environment, traffic and our future.
