

Dear Planning and Development and State Representatives,

We all believe that affordable housing is important. However, local governments know what they are doing. We don't want a "one size fits" solution from Hartford that doesn't necessarily address the affordable housing issues of our town. We trust ourselves and our neighbors who care about our town, city's people, environment, traffic and our future. We oppose both items and are seriously considering moving out of CT. If you go ahead and raise crazy taxes like a state-wide property tax and propose crazy zoning controls, you will be pushing CT Residents to have no choice but to leave. As of now, property tax went to Greenwich, but my husband works in NYC and is faced with NY raising their income tax to 12%. I think this is unbelievably shady to choose to make this decision during spring break for most people who are not home and traveling. I believe you will see that most people are extremely opposed to these bills.

Heather Tarifi

Greenwich, CT
