Bill Numbers (*HB 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, SB 1027*)

I am writing to express my opinion about the above Bill numbers. These bills are in conflict with local zoning boards and control of the use of local properties. The towns and their residents know best how to use their real estate. This includes environmental, growth and property value impacts. These bills impress me as nothing more than a top-down control effort to support the current "equity" push being forced upon our citizens.

Keep State Government zoning control out of our towns!

A big NO to State-mandated zoning.

Respectfully,
