

Dear CT State Senators and CT State Representatives of the Public Health Committee,

Thank you for your time.

Please strongly consider re-including the Tattoo Technician Language in:
House Bill 6666- An Act Concerning The Department Of Public Health's Recommendations Regarding
Various Revisions To The Public Health Statutes before being voted out.

I have been tattooing for almost 27 years now. I have seen many people come and go. And most have done more damage than helping. I have seen fly by night shops that charge huge money for little knowledge. They just make money off of teaching. Not doing actual tattoos.

By putting in these safety measures in this bill. We can protect apprentices as well as customers who will end up getting sub par work.

Thanks for your time

Jay Kelly
