Public Hearing Testimony
of
Paul B. Farnsworth

In Opposition To:

SB 568 and HB 6423

Public Health Committee
Connecticut General Assembly

February 16, 2021

Senator Abrams, Representative Steinberg and
distinguished members of the Public Health Committee:

As we all know, the historic, official nickname of the
State of Connecticut is “The Constitution State”.

Both SB 568 and HB 6423 would abrogate the religious
protections guaranteed by the Constitution of the State of
Connecticut, by eliminating the non-medical exemptions
from Connecticut’s mandated vaccine schedule.

In short, the state constitutional protections of the citizens
of Connecticut will be severely jeopardized by SB 568
and HB 6423 and I strongly oppose the passage of these Bills.

Thank you for the opportunity to present my views to your distinguished committee.
