

I am writing to urge you to vote "NO" on S.B. 835, *"An Act Concerning Deceptive Advertising Practices of Limited Services Pregnancy Centers"*.

This bill sounds like a very one-sided bill and to say that Our Pregnancy Centers are misleading in their advertisements is completely wrong. I have visited every website of the Pregnancy Centers in Connecticut and there is a disclaimer on the bottom of every one saying " We **do not** provide abortion services". What they do provide is another alternative to women of ALL color, race, creed and religion that don't want an abortion and would like other CHOICES !!!

The big word here is CHOICE!! This bill sounds like it is attacking these centers that are there for a purpose. So women can get the support that they need IF they want to have their babies.

I don't know if you all have children, but imagine if you were in a desperate situation and there were no choices BUT Planned Parenthood, can you imagine NOT having your children because you and your wife/partner had no other choices/options?

These Pregnancy Centers are hurting WHO?? I ask you this in all seriousness. If this is all about money/power, think about how much money you would spend to save your child? I bet the answer would be an endless amount. We can't put price tags on our babies heads/souls. WHY are you taking CHOICES away from WOMEN that actually WANT their babies??

This national campaign by NARAL Pro-Choice America is to discredit the work that these centers perform. Again the word CHOICE (who's choice?)

In closing I am asking you vote NO to this Bill S. B. 835 because when you think about it, YOU are taking away a Women's CHOICE.
