Dear Public Health Committee,

My name is Kathleen Bradley and I strongly oppose the proposed bill, SB 835. As a professional counselor I have seen and understand the challenges involved with an unplanned pregnancy. It is critical that pregnancy centers like Caring Families be free to fill in the mental, emotional, and material gaps that exist for women in one of their times of greatest need. I am so thankful for the honest, compassionate care they have provided for so many. Please allow pregnancy centers to continue their good work without any further interruption.

Thank you sincerely,
